

FAAsteam CFI Workshop #8 - DVT

This is CFI Workshop module #8 in the series of eight modules. In this module, Pilot Deviations including Runway Incursions will be discussed.

Directions: Meeting will be in the one story, ground school building classroom directly east from the main TransPac building, with in walking distance from the main terminal and parking lot. To gain access to the building, walk along the perimeter road, up to the double doors. The doors are normally locked to control entry. Someone will be available to allow entry to the building. Classrooms are in the back of the building.

A message from the National FAAsteam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
